KINDLY FAX SIGNED PROOF TO FACTORY 021 534 2181

To ensure that a quality product is delivered to you on time, it is highly preferable that we obtain artwork approval at least 10 days prior to despatch from our factory in Cape Town. Should this not be possible, the final deadline for artwork approval is four days prior to despatch from Cape Town, provided the print department is not fully booked. Approvals that are obtained within four working days of despatch will result in the delivery deadlines being extended automatically to for working days from approval. We trust you understand the need to enforce this discipline and hope that you will accommodate our requirements.
